WORK EXPERIENCE

SuperSport EPG Scheduler – Sports Programming

July 2023 – August 2024

Responsibilities

Worked with EPG and sports images, building on the responsibilities undertaken during the internship.

SuperSport – Sports Programming Intern

July 2021 – July 2022

Responsibilities

Managed sports images displayed on DStv.com as part of the EPG team. Managed one channel and, when required, sourced and created sports images for SHOWMAX. Also worked on programme slugs and remained willing to learn new skills and processes.

New Heights Media – Freelance Graphic Designer

August 2020 – February 2021

Responsibilities

Developed the company's brand identity, including its logo, pitch decks and PowerPoint presentations. Worked on the visual look and feel of client projects, social media content and uploads to Instagram and Twitter. Produced graphic-design content as assigned by team members.

BDO – Contract Graphic Designer

October 2019 – December 2019

Responsibilities

Worked in the marketing department, assisting with internal emails, brochures, TV slides, infographics and AdWords banners. Used PowerPoint and Keynote to update infographics and create video slides. Used MagicINFO to upload videos internally and to other branches. Also contributed to a proposal that received a positive response.

WORK EXPERIENCE – CONTINUED

EOH – Junior Graphic and Document Designer (Full-time)

April 2016 – October 2017

Responsibilities

Supported bid managers and business units in preparing tender documents and visual strategy solutions. Created layouts for tenders, executive summaries, diagrams, PowerPoint slides, templates and infographics. Also designed marketing materials, including digital invitations for EOH events.

TNA Media – Junior Graphic and Production Lay-Out

June 2015 – March 2016

Responsibilities

Ensured newspaper layouts followed the required style by combining text, images and advertisements. Helped maintain the newspaper's visual consistency and used creative freedom in selected sections, including sports and entertainment. Also created infographics to communicate statistics.

Elearning Force Africa – Website Designer and Social Media Designer (Internship)

August 2013 – January 2014

Responsibilities

Worked with the managing member to develop digital solutions and strengthen the company's online presence. Helped create and maintain the company website and social media platforms. Duties included website design and coding, keyword and competitor research, proofreading and copy-editing website content.

Destiny Global Technology – Freelance Graphic and Web Designer

June 2013 – June 2015

Responsibilities

Worked with clients, often start-ups, to understand their needs and deliver graphic and web design solutions. Developed clients' brand identities from concept through to completion.
